1. The following is an examiner's statement of reasons for allowance:

The present claims differ from the prior art in that the prior art fails to disclose a bistable liquid crystal device and a method of generating an electrooptical effect thereof comprising a liquid crystal composition of the present claims 17 and 30.

The present liquid crystal medium (claims 43) is read by the newly cited reference (DE 10,221,751); however, the present invention has earlier priority date than the DE '751 (see Example 1 on page 56 of DE '751).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
